Workshops & Speaking Engagements: List of Topic Ideas

Available for in-person events (San Diego County) or virtual sessions

For Educators & School Teams

- **Building Language-Rich Classrooms**

Practical strategies for embedding language development into daily instruction—no extra prep required.

- **Supporting Language Processing Challenges**

How to spot students struggling with receptive/expressive language and adapt your communication to support them.

- **Pragmatic Language & Social Communication**

What does pragmatic language really mean? How to identify needs and teach social thinking skills in real-time.

- **Beyond the IEP: Supporting Communication Needs in Gen Ed**

Every teacher is a language teacher—here's how to support students with mild to moderate needs without overwhelming your lesson plan.

- **Collaboration Between SLPs & Teachers**

Tips to create strong systems of communication between service providers and instructional staff.

For Parents & Caregivers

- **Understanding Speech & Language Milestones (Ages 2–10)**

What's typical, what's not, and when to seek help—delivered in a non-alarmist, encouraging way.

- **Everyday Strategies to Support Communication at Home**

Simple routines and language-rich moments that support your child—no flashcards or tech needed.

- **The IEP Process: A Parent's Guide to Speech Services**

What evaluations mean, how goals are written, and how to be an empowered, collaborative IEP team member.

- **Supporting Social Communication at Home**

How to encourage connection, conversation, and confidence through everyday interactions.
